Cadet Members: ?

Milestone Information:

Future Wing Activities:

Problems that CAC Cadets might be able to help with to promote more activity in their wing.

D.. Region Advisor's Report: none

1.

3. OLD BUSINESS:

A.None

4. NEW BUSINESS: CAC Region Conference Participation

5. OPEN FLOOR

A. C/Capt Mike Kelly suggested that we have a class on "Myths and Legends of CAP". It was suggested to ask Maj Eric Davis if he could present it.

B. Maj Chazell suggested that there should be a class on how to do a Wing Competition.

C. C/Maj Matt Frappier suggested a class on Mims be given. The old saying, "monkey see, monkey do" would apply for this class. I would find out who was having trouble with MIMS, as well as see how many people in their home squadrons complained about MIMS. Then I would show them how to enter information into MIMS by demonstrating, putting in ES qualifications that I had completed. I would then take volunteers from the class to practice. If after the first few runs and people still do not understand, I can work with people individually after the class, depending on the amount of time there is. All I would need to know in advance is if the building is wireless or not. I think there is a data projector here in Utah Wing that I could use, but I'd have to check on that.

D. C/Lt Col Sydney Chamberlin suggested a presentation on how to process applications for National Activities and to have cadets talk about their experiences. This was well received by everyone.

6. ANNOUNCEMENTS

A. The next RMR/CAC meeting will be held Sunday, 04 September 2005 at 1500 hours Mountain Standard Daylight Time.

7. ADJOURNMENT

A. The meeting was adjourned at 3:31 P.M. Mountain Standard Daylight Time by Major Janeen Chazell. We had finished with what we needed to cover and South West Region was wanting the line for their phone teleconference

///Signed///

JANEEN CHAZELL, MAJ CAP
RMR Deputy Chief of Staff
